## Artist Biography

### Christiane Baumgartner b.1967

Christiane Baumgartner is best known for monumental woodcuts based on her own films and video stills, often dealing with themes of war, speed and industry. By making woodcuts of video stills, Baumgartner combines the most recent and one of the oldest means of producing an image. Her work is held in over forty international public collections. She lives and works in Leipzig, Germany. In 2014 she was awarded the Mario Avati Printmaking Prize by the Académie des Beaux-Arts in Paris.
